### **DETAILED ACTION**

1. This is in response to applicant's amendment filed September 19, 2005, in which claims 1-6 are pending.

After further search and thorough examination of the present application and in view of applicant's amendment and argument, Claims 1 through 6 are found to be in condition for allowance.

#### ***Allowable Subject Matter***

2. The following is an examiner's statement of reasons for allowance: the prior art of record does not teach a hinge structure, detachably fixed on the base unit, the hinge structure comprising a second hinge spindle to fit into the first hinge hole joining up the hinge structure with the display unit, wherein the hinge structure is attached to and detached from the base unit by means of a fixing device, wherein when the display unit is closed to and opened from the base unit, the first hinge hole of the display unit accordingly rotates relative to the second hinge spindle of the hinge structure fixed on the base unit. These limitations in conjunction with all other limitations of the independent claim, has not been disclosed, taught or made obvious over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
